## 9 RESTAURANTS IN LAS VEGAS YOU HAVEN'T TRIED... BUT SHOULD

THE BARRYMORE

### The Barrymore

*Royal Resort*

Despite being located inside a hotel that nobody ever talks about, The Barrymore could be the single best reason to visit the dreaded north end of the Strip. You've got fire pits on the patio, plush seating, and empty film reels lining the ceiling. The menu is heavy on steak and wine, but the cocktail program is among the best in Vegas. Just ask the bartender for a suggestion and go with it.
